

Tuesday Reminders

8-28-18

VOLLEYBALL

Rule 3 – 1 – 6 in the NFHS Handbook states that a safe and stable platform for the R1 (First Referee) is required game equipment for the administration of every volleyball match. The responsibility to ensure that safety is shared by the host institution and the officials. **The school athletic department or even host management should ensure careful assembly and attention to the manufacturer's guidelines.** The responsibility continues with proper inspection by the R1 prior to each match. The referee's equipment inspection should include height adjustments, but should also include a thorough check of the steps, attachment of the stand to the pole and proper installation as designed by the manufacturer to prevent any injuries to officials, players, or fans.

TRANSFER

If a 9th grader was not in your feeder school last year, he/she is a transfer.

LIVING CLEAN – PALMETTO PRIDE

The first Palmetto Pride – Ejection Free Week is October 8-13.
