1. Why were you ejected from the contest?	I got ejected from the game because I made a bad decision and put my hands on an official during the game against North Charleston.
2. Why do you think it is against South Carolina High School League regulations to behave in such an unsportsmanlike manner as you did?	I think they are doing the right thing because of what I did during the situation. I wanna play next season because I don't wanna lose a year of my high school career and I wanna help my team out during next season but I have to suffer the consequences.
3. Why is it important for high school student - athletes to set good examples?	Its important because us as student athletes have to realize that we have coaches looking at us during games and during school , so you have to watch the way you react to things.
4. What did you accomplish by your behavior, other than being ejected from the contest?	I learned how to control my anger and never again get in a position where I have to argue or put my hands on a official.
5. Indicate a plan that will assist you in improving your behavior.	My plan is to control my emotions during events like that and realize that a call is a call and you have to just continue on with the game.
