## SAFETY: WET BULB & HEAT

SKIP LAX, ASSOCIATE COMMISSIONER

**ATTENTION ATHLETIC DIRECTORS:** Be prepared to adjust your contest start times, if necessary, to meet the requirements of the wet bulb globe thermometer. It is always better to make an advance decision instead of one at game time. If you have early information that shows you are going to have delays due to the heat at game time, we encourage you to be pro-active in making a start time adjustment. Be sure to review all heat precautions and protocol on our website at the link below:

## JOIN THE TEAM

[WWW.SCHSL.ORG](http://WWW.SCHSL.ORG)

The South Carolina High School League is accepting applications for officials. Join us in promoting sportsmanship, leadership, and the love of the game.

**#BeAnOfficial**

There's a shortage of high school officials in almost every sport across the USA. Becoming a high school official is the easiest call you'll ever make. High school officials protect the integrity of the games our kids love to play by demonstrating qualities such as honesty, objectivity, consistency, courage and common sense. Officials have an opportunity to help teenagers learn life lessons that will benefit them for a lifetime. As veteran officials continue to retire, new officials have an opportunity to make a huge difference in the lives of hundreds of young people every year. Spread the word- SCHSL needs officials for all sports. Contact Charlie Wentzky at [charlie@schsl.org](mailto:charlie@schsl.org) or 803.798.0120
