Our office will continue to monitor all weather patterns across the state and respond accordingly. The 2019 Hurricane season will last until the end of November and inclement weather is an ongoing concern.

## All Day, Every Day: *Safety First*

SKIP LAX, ASSOCIATE COMMISSIONER

Inclement weather is to be expected as we continue our fall sports season. We experience extreme heat while ducking for cover from hurricanes or rainstorms. We can't stress enough the importance to always follow safety procedures put in place by the SCHSL as well as state mandates by law officials and emergency preparedness professionals. The safety of our students and staff is at the forefront of our athletic programs and contests. Be sure to routinely review safety procedures found at [www.schsl.org](http://www.schsl.org) and free courses at [www.nfhslearn.com](http://www.nfhslearn.com). Contact [Skip Lax](#) with any health and safety concerns. Notify our office with contest postponements, cancellations and any schedule changes. Be sure to contact [Blair Warren](#) with game official changes and concerns. We are committed to updating our social media pages as well as the website, especially during inclement weather emergencies.

### ATTN: FOOTBALL COACHES

If your school has not completed the SCHSL football survey, please do so now. The SCHSL shared the survey with member schools several weeks ago. ALL football playing high schools need to respond as soon as possible in order to collect accurate information. If you have questions, please contact

Assistant Commissioner [Charlie Wentzky](#).
